SECOND RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

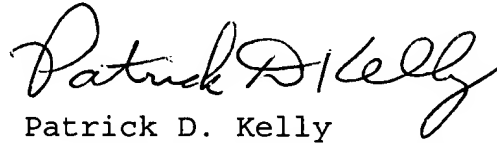

This claims in Attachment 1 are being submitted in response to an Office Action dated March 9, 2006. A petition for a two-month extension of time is enclosed, along with a check for the extension fee.

The March 2006 Office Action asserted that a set of previously amended claims 14-23 were directed to a non-elected invention (i.e., a surgical implant device), rather than to a membrane segment as originally claimed. Accordingly, a set of revised claims 24-32 is hereby enclosed, in Attachment 1, and the Examiner is hereby requested to cancel all prio claims and enter

new claims 24-32 into the record of this application.

The current claim set contains 3 independent claims and 9 total claims, so no additional fee is due for excess claims.

Respectfully submitted,

A handwritten signature in cursive script, reading "Patrick D. Kelly". The signature is written in black ink and is positioned above the printed name and address.
